

Università degli Studi della Basilicata
Scuola di Ingegneria

DR. Simone Romano

SCIENTIFIC CURRICULUM VITAE: Simone Romano received the master's degree in Computer Engineering from the University of Basilicata in October 2014. He was PhD student in Computer Science, under the supervision of prof. Giuseppe Scanniello, at the University of Basilicata (in collaboration with the University of Salento) from 01/12/2014 to 30/11/2017. His research interests are about software engineering and include empirical software engineering, reverse engineering, software maintenance and testing, peopleware, and agile software development methodologies. Simone Romano has been member of program committees of international conferences such as the International Conference on Software Engineering Advances (ICSEA), the Euromicro Conference on Software Engineering and Advanced Applications (SEAA), the International Conference on Program Comprehension (ICPC), and the International Conference on Information Systems Development (ISD). He has also been reviewer for international journals such as Empirical Software Engineering (EMSE) and Information and Software Technology (IST).

PROFESSOR'S OFFICE HOUR: On Tuesdays from 9:30 to 11:30 at the Software Engineering Laboratory (DiMIE, 2nd floor). To make appointments: <https://simoneromano.youcanbook.me>
