

DR. Gianvito Summa

SCIENTIFIC CURRICULUM VITAE:

Gianvito Summa graduated with honors in Computer Science in March 2007. In September 2011 he got his PhD degree in "Applied Mathematics and Computer Science" from University of Basilicata. During his PhD course he spent six months at the INRIA-LIRMM laboratory (University of Montpellier II, Montpellier, France) as an internship.

In 2007 he has been a Temporary Research Fellow at the Department of "Maths and Computer Science" (University of Basilicata). He has been an ICT consultant at the "Consiglio delle Comunicazioni" (Regione Basilicata) for a project aimed at evaluating accessibility and usability of the regional administrations' web sites.

Since 2008 he is an ICT consultant at "San Carlo" Hospital in Potenza for activities related to system engineering, network management and database administration.

Since 2011 he is a contract professor at University of Basilicata for the "Object Oriented Programming II" course and the "Systems for Advanced Programming" course.

His main research interests include data integration, data exchange, schema matching and schema mapping, recommender systems and matchmaking algorithms, probabilistic databases and P2P social networks.

PROFESSOR'S OFFICE HOUR:

On Monday/Wednesday from 6pm to 7.30pm at "Docenti a contratto" office room (DiMIE Department, III floor)
